

## OGI 2026, 11<sup>th</sup> & 12<sup>th</sup> July

### Age categories and event selection

Each athlete may enter a maximum of three individual track & field events. Each athlete may choose any combination of individual events, dependent on the age group (see table below) and up to the maximum allowed.

If in doubt, please speak to your team manager or refer to the latest OGI Handbook.

We propose to hold 4 x 100m and 4 x 400m relays. The teams and entries for these can be decided on the weekend.

There will be an additional opportunity to take part in the Vortex for all age groups - parents included. We will record the longest throw on the day for some additional fun prizes.

The Vortex event will not form part of the official OGI scoring.

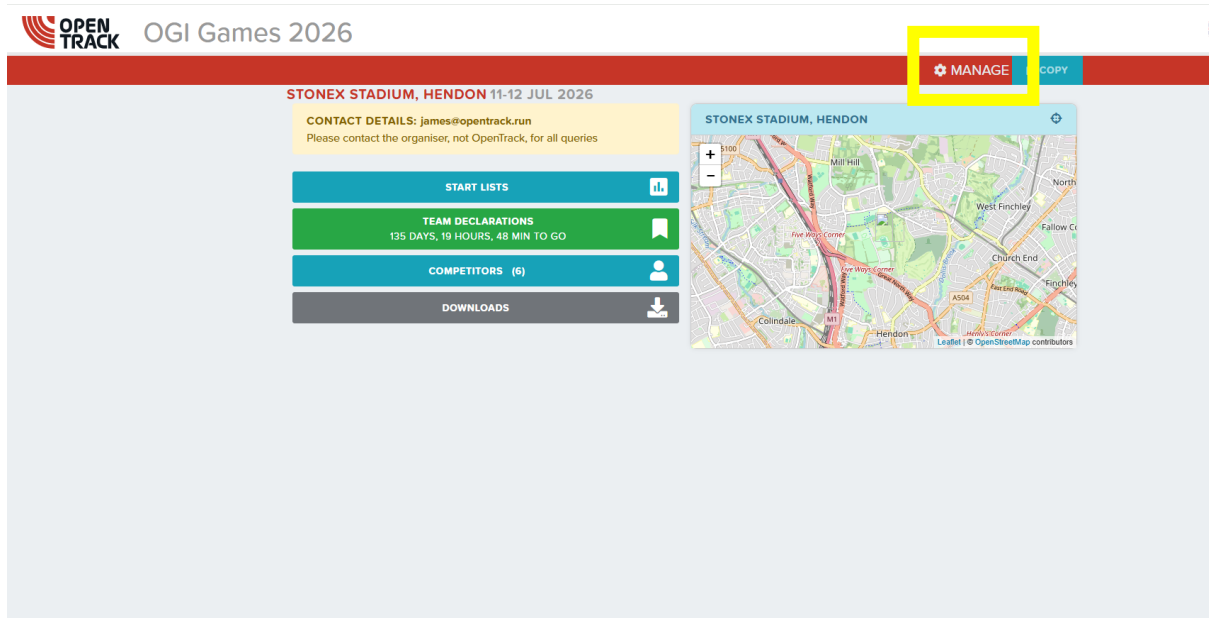

Please note that the age groups dates have shifted compared to previous OGIs, with the cut off dates being 31<sup>st</sup> August (as oppose to the OGI weekend).

## Open track website

For OGI26 we are using a new system called OpenTrack to register the athletes and all Team Managers should have received a link to access the system.

<https://data.opentrack.run/en-gb/x/2026/GBR/ogi/>

- 1) It will take you to this Homepage, and you will need to select Manage in the top right corner.

- 2) On the left hand menu, you'll see 'Manage Competitors' and then 'Competitors'. Once you've selected those it should take you to the screen below, where on the top right you'll see an 'Add New Competitors' button.

A box will pop up to add in the competitor details.
